School Announcement

February 23, 2021

Dear ECS Family,

We at the Episcopal Cathedral School are aware that parents and students may have questions about the re-opening process for our school. Ensuring a safe return will always be our biggest priority.

As a school we have closely monitored the directives of the Center of Control Disease (CDC) as well as the Health Department of PR in order to provide our students with a safe and effective learning environment. **Please know that we need to comply with the new executive order released yesterday FEB 22. The school cannot announce any re-opening procedures, until the school goes through the process of certification and compliance as established by the government of PR and the Health Department. This process is strictly monitored and managed by the Health Department of PR per the new executive order released.**

This protocol has been included in our school [webpage](#) and encourages all parents to carefully review it. At the present time, we will continue to make all the necessary arrangements to fully comply with the protocols and orders that are currently in place so that we can determine a final decision. Once that is made, we will communicate back to everyone, considering our community needs for the remaining time of the 2nd semester.

Finally, we are pleased to inform that we have accomplished the following: Register the school in compliance with the BIO PORTAL (contact tracing program), Acquire cleaning

and protective gear for our community, safe distancing seating placement in classrooms, schedule planning and disinfecting practices as well as finalize entry and exit guidelines.

As we move forward, we ask for your patience in this process and the dedication in educating the students at home on safe Covid-19 practices.

Regards,

Mrs. Santiago

Headmistress
